

Hampshire County Council

Public path extinguishment and definitive map modification order 2021

The route of the Wayfarers Walk public footpath between Kilmeston and Wind Farm is historically shown on maps to the west of the actual path and Hampshire County Council has issue a map modification order to regularise the map information and match it with reality.

It is expected that the actual path (as is currently shown by the black dotted line on the map) will eventually be replaced by a green line to indicate that it is a National Path and a public right of way.
