

Welcome to Update No 7 of the Kilmeston, Cheriton & Bramdean campaign for Fibre to the Premises (FTTP)

Dear applicant,

We may now have reached a critical phase in our campaign for fibre-to-the-premises (FTTP) and we need to know exactly how many applicants still want to go ahead and switch to fibre.

If you still want much faster and more reliable internet to your premises, paid for by the government, please send an email to fibrekilmeston@gmail.com WITH THE WORDS

Update No 7 for Kilmeston, Cheriton & Bramdean project CFP 46126

IN THE SUBJECT LINE.

This will enable us quickly to convince Openreach that we are still very much in the game and we hope that will allow us to proceed to the voucher stage. That will be the point when you will need to commit to allocating your voucher to Openreach and to taking a fibre-based internet service for 12 months.

Kind regards
