

Hello Dr Cresswell

Good to catch up with you yesterday to hear a little bit more around your requests for Fibre to Kilmeston, Cheriton and Bramdean.

Please find attached some screen shots and responses to your initial questions.

As mentioned yesterday I have a contact within the Vodafone Home Broadband team unfortunately, he is away on annual leave. Once he returns, I will then get more information and supply collateral to support with cascade to your villagers.

Please see below our responses to your questions

1. What are the Monthly Charges

Our prices start from £22 and go up to Full Fibre 900 at £45. Please see attached screenshots with the full pricing

2. NO Teaser rates are put in place by Vodafone and the pricing will be subject to an increase each year in line with the annual consumer price index (CPI) plus 3.9%. This occurs each April

3. Our offers include landline rental for receiving calls and we can port your existing number across to the Vodafone network. We have Add on packages (screen shot attached). Anytime landline and mobile calls £8 per month, £4 pm for weekend and evening landline calls.

4. We have a Vodafone together offer than gives you £3 discount per month off the Home Broadband contract when bought together with our mobile 'phone service. Plus seasonal offers TBC.

5. No charges are made to static IP addresses

Thank you for your interest and we will be in touch as soon as I have more detail

Many Thanks

Mike Edwards
