

Subject: AT LAST! Update No 10 for Kilmeston, Cheriton & Bramdean FTTP project CFP 46126

Dear Applicant for Fibre to the premises (FTTP) ultrafast internet,

At last there is some meaningful progress. You may now pledge your voucher to Openreach

To do so, please go to

<https://www.openreach.co.uk/connectmycommunity>

Please do so as soon as possible and then reply to this email - without changing the subject line - and confirm that you have pledged.

The sooner we get to the required number of pledges, the sooner they can start the build.

If, when you pledge, you see that the number of pledges received exceeds 100%, DO NOT BE DETERRED! We need a comfortable margin of pledges to ensure that our application proceeds smoothly.

Finally, if you have and problems with your pledge or wish to discuss it with us, don't hesitate to contact us via this email address or via one of the team members.

Kind regards

Graham Cresswell
